

*WBGU-PBS is My Source for
bringing local communities together.*

WBGU-PBS brought together people from across the region to address the mortgage foreclosure issue in Ohio.

WSOS Community Action's foreclosure prevention counseling program was given a voice with WBGU-PBS' *NW Ohio Journal Special: Mortgage Foreclosure Intervention*, discussing the foreclosure issues facing Ohio homeowners.

WBGU-PBS brought a panel of experts to the table to give their television viewers information about what to do if they were facing foreclosure or they were in fear of foreclosure. Their staff was professional and did an excellent job producing this program for public television.
